Information for Poster Display

The poster area is located on the 3rd level of CNCC. Poster presenters are requested to stay in front of their posters during breaks and lunch time while their posters are on display. Each poster is assigned a unique number, please put up and dismantle your poster according to the following schedule:

PO-001-PO-048

Putting-up: Before 09:00, June 3, 2010

Dismantling: After 17:30, June 3, 2010

PO-049-PO-102

Putting-up: Before 09:00, June 4, 2010

Dismantling: After 17:30, June 4, 2010

PO-103-PO-164

Putting-up: Before 09:00, June 5, 2010

Dismantling: After 17:30, June 5, 2010

On-site staff will be available for assisting with putting-up and dismantling of posters.

09:00-17:30, Jun 3, Poster Display

PO-001

Neurodevelopment anomalies assessment study in autistic children

Jianping Lu (Asia)

PO-002

Auditory event-related potentials in persons with Asperger Disorder

Akira Iwanami (Asia)

PO-004

Behavioral approach of the stammering: Between tradition and modernity

Grégoire Magloire Gansou (Benin)

PO-005

Resting EEG predicts performance differentially in typically developing children and children with ADHD

Jan Wiersema (Belgium)

PO-006

Neurobiological and psychological risk factors in children and adolescents with Attention-Deficit/Hyperactivity Disorder

Soyoung Lee (Asia)

PO-007

The exploratory study about the neurophysiological index which predicts the effect of the methylphenidate hydrochloride in children with AD/HD

Ayaka Takahashi (Asia)

PO-008

The brain functional images changes under the resting condition and the correlation with symptoms in children with Autism: A spectral study

Wenhan Yang (Asia)

PO-009

MRI aspect and prognosis in Autism Spectrum Disorder

Laura Mateescu (Romania)

PO-010

Methylphenidate improves diminished error and feedback sensitivity in ADHD: An evoked heart rate analysis

Yvonne Groen (Netherlands)

PO-011

Predictors of parental symptom among ADHD children

Ruu-Fen Tzang (Asia)

PO-012

A probe on issue of long-term care of autistic disorder patients in Taiwan

Yuan-Chang Hsu (Asia)

PO-014

The promise and potential pitfalls of telepsychiatry

Kim Norman (United States)

PO-015

Association analysis of triallelic 5-HTTLPR polymorphism (5-HTTLPR+rs25531), biallelic 5-HTTLPR polymorphism, life event and their interactions in adolescent Depression

Jing Ma (Asia)

PO-016

Molecular genetic investigation of methylenetetrahydrofolate reductase gene polymorphism in children and adolescents with Attention Deficit and Hyperactivity Disorder

Algun Tufekci (Turkey)

PO-017

The 11-year follow-up of the CCC2000 birth cohort study: Developmental pathways of psychopathology and identification of 'at risk' mental states in children.

Eberhardt C (Denmark)

PO-018

Association between cognitive function and anomaly neurodevelopment in childhood schizophrenia

Suqin Guo (Asia)

PO-019

The Gly/Glu polymorphisms of the neurotrophin 3 gene and their effect on ventricular enlargement in childhood schizophrenia

Suqin Guo (Asia)

PO-020

Adolescent mental disorder and parental rearing patterns related study

Derong Kong (Asia)

PO-021

Association study between polymorphism of catechol-O-methyltransferase gene rs6267 polymorphism and Attention Deficit Hyperactivity Disorder

Yuebing Zhang (Asia)

PO-022

Face recognition in autistic children: An ERP study

Yuebo Fan (Asia)

PO-023

Association study of Mao-A gene polymorphisms with aggression in Chinese ADHD children

Zhe Feng (Asia)

PO-024

The implication of the parenting practices in early childhood on toddlers' emotional and behavioral problems: A longitudinal study

Lian Tong (Asia)

PO-025

Young Mandarin-speaking children reasoning about logical connectives

Yi Su (Asia)

PO-026

Study on relationship between infant temperament and the level of monoamine neurotransmitters in cord blood

Yang Yue (Asia)

PO-027

Investigation on behavioral problem of preschool children and its intervention in Shenzhen city

Jianhua Gong (Asia)

PO-028

A case-control study on family environment and aggressive behavior in children aged six

Jianhua Gong (Asia)

PO-029

An analysis of behavior problems influencing factors with guardian among left-behind children aged 3 to 7 years in countryside

Guangwen Huang (Asia)

PO-030

Cognitive responses to facial expression in young children with Autism

Yongmei Li (Asia)

PO-031

An analysis of behavior problems in left-behind children aged 3 to 7 years in countryside of Hunan Province

Guangwen Huang (Asia)

PO-032

A principium analysis of sleep time among children aged 0 to 6 years old in two districts of Changsha

Guangwen Huang (Asia)

PO-033

Fatty acids with Attention Deficit Hyperactivity Disorder

Hong Chen (Asia)

PO-034

Analysis on human figure drawings in children with Attention Deficit Hyperactivity Disorder

Saijun Huang (Asia)

PO-036

A case-control study of oculomotor task in children with Attention Deficit Hyperactivity Disorder

Qiang Chen (Asia)

PO-037

A comparative study on the effect of ABT-418 and methylphenidate on the spatial memory of SHR

Tianyou Guo (Asia)

PO-039

Early maternal deprivation alters the response to chronic mild stress: Resulting in increased expression of BDNF and CREB in adult rat hippocampus

Chang Shu (Asia)

PO-040

The reliability and validity of working memory assessment tool in the children

Xin Zhao (Asia)

PO-041

Comparison of the empathy deficit for adolescents with diverse conduct disorder

Yaoguo Geng (Asia)

PO-042

The components and features of sophistication for children

Yaoguo Geng (Asia)

PO-043

A comparative study on the visual evoked potentials P100 in 30 children with learning disorder

Jishui Zhang (Asia)

PO-044

Evaluation of continuous performance task(CPT) in diagnosis of Attention Deficit Hyperactivity Disorder(ADHD) in childhood

Xiaohui Wang (Asia)

PO-045

The study on clinical characters and serum monoamine neurotransmitters levels of children with Attention Deficit Hyperactivity Disorder

Long Zhen (Asia)

PO-046

Study on reliability and validity of subjective awareness of neuropsychological deficits questionnaire for children

Wenwu Zhang (Asia)

PO-047

Comparison of cluster scores in parent form of Brown ADD scales between normal Chinese and American children

Ming Li (Asia)

PO-048

Epidemiological study of health-risky behaviors among 4-6 grade pupils in Chongqing, China

Hua Hu (Asia)

Friday, June 4, 2010 (Poster Display)

09:00-17:30, Jun 4, Poster Display

PO-049

The Western Canadian waiting list in profiling clinics
Trevor Seeger (Canada)

PO-050

The potential influence of social desirability on clinical outcomes
Trevor Seeger (Canada)

PO-051

Overview of child psychiatry in a developing country
Murad Bakht (Canada)

PO-052

The analysis of risk factors in prognosis of children with Tourette's Syndrome
Shuhua Wu (Asia)

PO-054

Heart rate variability is related to self-reported physical exercise in a healthy adolescent
Eva Henje Blom (Sweden)

PO-055

Characteristic gaze patterns in individuals with Autism Spectrum Disorder and Schizophrenia while viewing video stories
Haruhisa Ota (Asia)

PO-056

Breaking the barriers-school mental health program as a tool to promote child and adolescent mental health in India
Pavitra Kalmane Sridhara (Asia)

PO-057

A survey of awareness of Attention Deficit Hyperactivity Disorder among Shanghai primary and middle school teachers
Wenlan Jin (Asia)

PO-059

Unmet needs and trajectories of services in youth suicide attempters and suicide completers: Towards a better mental health services organization.
Johanne Renaud (Canada)

PO-061

The children's attention project: A pilot for a longitudinal study of children with ADHD
Emma Sciberras (Australia)

PO-062

Relationship between psychological resilience and Anxiety, Depression of senior students in high school
Fenglin Cao (Asia)

PO-063

Youth suicide in Bosnia and Herzegovina
Kanita Dervic (Asia)

PO-064

A report on child and adolescent psychiatric outpatients in Tokyo Metropolitan Umegaoka Hospital based on 15 years of statistical analysis
Kensuke Miyazaki (Asia)

PO-065

One year experience in a newly established child and adolescent psychiatry service in an insurgency-hit, remote, extremely backward area in India
Arunima Chatterjee (Asia)

PO-066

The effect of CBT-based training using computer games for ADHD children
Min-Sup Shin (Asia)

PO-067

A study of validity and cut-off score for the Korean version of Asperger Syndrome Diagnostic Scale
Min-Sup Shin (Asia)

PO-068

PICC-pharmacological interventions at Castleside Clinic, UK
Vibhav Shetty (United Kingdom)

PO-069

Preliminary study on quantification of the inconsistent error patterns with task difficulty in WISC-third Japanese version
Katsuo Inoue (Asia)

PO-070

The relationship between emotional problems and resilience in high school students at grade 3
Fenglin Cao (Asia)

PO-071

Prevalence and influencing factors of poly-victimization in Chinese children
Fenglin Cao (Asia)

Friday, June 4, 2010 (Poster Display)

PO-072

Mental health screening in adolescents in detention in the Netherlands

Pauline Vahl (Netherlands)

PO-073

Exploring demoralization as a precursor to the development of Anxiety and Depression in adolescents: A structural equation model

Shaylyn Cunningham (Canada)

PO-075

Hikikomori-social withdrawal of adolescents in Japan

Mai Uchida (United States)

PO-076

The effectiveness of multimodal therapy on children with AD/HD in a treatment institution in Japan

Takanobu Sakai (Asia)

PO-077

Personality scales assisting diagnosis of adults with Asperger's Syndrome using AQ

Chieko Kanai (Asia)

PO-078

Norms of the depression self-rating scale for children in Henan country

Gailing Xu (Asia)

PO-079

Norms of the barratt impulsiveness scale for children in Henan country

Guangming Xu (Asia)

PO-080

Investigation on ADHD related knowledge in the community doctors in rural areas of Liuyang, Hunan Province

Haidong Song (Asia)

PO-081

The effect of family-environment risk factors on suicidal ideation and behavior among children with behavioral problems

Pinhong Chen (Asia)

PO-082

Investigation and analysis on the need of psychological health services among students in Shenzhen

Lihong Li (Asia)

PO-083

Psychiatric comorbidities and the impact on the quality of life in epilepsy children

Qian Chen (Asia)

PO-084

The children psychological health status of poor family and study of the countermeasure

Hanshi Xiao (Asia)

PO-085

On taboo word in the communication between teen-agers

Hanshi Xiao (Asia)

PO-086

The correlation study of children ADHD and maternal passive smoking in the gestational period

Xiaohua Sun (Asia)

PO-087

Mental health services to explore the latest research

Yao Yu (Asia)

PO-088

Study of "theory of mind" between Asperger's Syndrome and Attention Deficit Hyperactivity Disorder

Qinying Lin (Asia)

PO-089

The epidemiological investigation of urban and rural primary and middle school in Huaihua

Haisen Ye (Asia)

PO-090

Analysis on relevant factors of child neglect among urban children aged 3~6 years in Shanxi Province

Yufeng Li (Asia)

PO-091

Standardization of the Griffith Mental Development Scales for children aged 5~7 years in the city of Shan-Xi Province

Huiqin Wang (Asia)

PO-092

Research and analysis of behavior problems of primary school students

Baozheng Wu (Asia)

PO-093

Self-concept levels of children with chronic illnesses and correlated factors

Huimei Wang (Asia)

PO-094

Mental health condition and early intervention in preschool children in Liwan District of Guangzhou

Qingyun Yin (Asia)

PO-095

The Investigation on living status and countermeasures about migrant children in the kindergarten of Xi'an

Fang Zhou (Asia)

PO-096

Mental health status in middle and senior high school of Guangzhou

Ruili Yu (Asia)

PO-097

The investigation and study about the expectations

Fang Zhou (Asia)

PO-098

A study on state and factors that anxiety disorder children occurred with depression disorder in Tanghe county Henan Province

Gailing Xu (Asia)

PO-099

A study on current occurrence state and factors that children occurred with depression disorder in Tanghe county Henan Province

Gailing Xu (Asia)

PO-100

A survey on the natural prognosis of children attention and disruptive behavior disorder in Nanyang City Henan Province

Gailing Xu (Asia)

PO-101

Norms of the screen for children anxiety related emotional disorder in rural children of Henan Province

Gailing Xu (Asia)

PO-102

Norms of the depression self-rating scale for children in rural children of Henan Province

Guangming Xu (Asia)

Saturday, June 5, 2010

(Poster Display)

09:00-17:30, Jun 5, Poster Display

PO-103

Comorbidity of Epilepsy and Autism Spectrum Disorders in children

Martsenkovsky Igor (Ukraine)

PO-104

Children's view on a child psychiatric examination

Eva.Hallum (Denmark)

PO-105

The efficacy and safety of aripiprazole in the treatment of Tourette's Syndrome

Yuezhu Liang (Asia)

PO-107

Assess and monitor outcomes of a psycho-educational therapy (cast) for children with Autism Spectrum Disorders

Leyla Akoury Dirani (Asia)

PO-108

Long-acting risperidone treatment in an adolescent with conduct disorder: A case report

Mustafa Deniz Tutkunkardas (Turkey)

PO-109

Educating children with Autism in china-implementing Hong Kong rainbow model in mainland

Tad Zhengzhang Pu (Norway)

PO-110

The effectiveness of the Barkley's behavioral parent training for parents of school-aged children with ADHD in an environment of Confucianism

Shu-Tsen Liu (Asia)

PO-111

The efficacy of atomoxetine in treating ADHD children

Lianghan Jiang (Asia)

PO-112

Emotional/behavioral problems (psychopathology) and quality of life in children and adolescents in clinical psychiatric, pediatric and community populations

Thomas Jozefiak (Norway)

PO-114

Influencing factor analysis of PTSD among adolescents in Dujiangyan District 6 months following Wenchuan earthquake, China

Wumei Liu (Asia)

PO-115

Early onset Bipolar Disorder in Tunisian adolescent inpatients

Sami Othman (Tunisia)

PO-116

Evaluation of the safety, tolerability and pharmacokinetics of ly2216684 in pediatric patients with ADHD

William Kielbasa (United States)

PO-119

The role of early difficult temperament in childhood onset depression

Krisztina Kapornai (Hungary)

PO-120

Inattention, hyperactivity and impulsivity as factors of children of academic unsuccess

Martsenkovska Inna (Ukraine)

PO-121

Study of latency childhood depression: Exploration of symptoms revealed in the treatment process

Yu-Hua Clare.Lin (Asia)

PO-122

A study of behavioral symptoms in children with iron deficiency anemia

Vikram Kumar (Asia)

PO-123

Characteristics of children on the autistic spectrum with and without epilepsy

K.S. Shubrata (Asia)

PO-124

Practice and exploration on enhancing ADHD children's comprehensive abilities by the way of combination of medicine and education

Xiangyang Zhong (Asia)

PO-125

Co-morbid mental health conditions and medication use in children and adolescents with reading disorder from a United States managed care claims database

Peter Classi (United States)

Saturday, June 5, 2010

(Poster Display)

PO-126

Subjective stress cognition in child with Pervasive Developmental Disorder

YuKari Ise (Asia)

PO-127

Adverse effects of risperidone in children with Autism Spectrum Disorders in a naturalistic clinical setting

Vitharon Boon-yasidhi (Asia)

PO-128

Creation of effective intervention tools of anorexia nervosa (AN) in school in Japan

Tetsuya Tanaka (Asia)

PO-129

Anorexia and bulimia nervosa-new insights in diagnostic issues and treatment

Beate Herpertz-Dahlmann (Germany)

PO-130

Randomized, open-label assessment of response to 0.2, 0.5 and 1.2 mg/kg/day doses of atomoxetine in Korean pediatric outpatients with Attention-Deficit/Hyperactivity Disorder

Soyoung (Irene) Lee (Asia)

PO-131

Anorexia nervosa in 8 year old boy-disturbance of identity development

PO-136

A comparative study of sand play therapy extended-released methylphenidate in the treatment of Attention Deficit Hyperactivity Disorder

Yuanli Qi (Asia)

PO-137

The prediction for eating disorder and the influence of family system

Hui Li (Asia)

PO-138

Using the dimensions of applied behavior analysis to discuss the behavior intervention to Autism

Zhong Zhao (Asia)

PO-139

The application of The House-Tree-Person Technique on childhood malignancy

Jiang Jin (Asia)

PO-140

Long term follow up study of Chinese children with ADHD

Hongyun Gao (Asia)

PO-141

Characteristics of health risk behaviors of children with behavioral problems in Chongqing, China

Hui Wang (Asia)

PO-142

The temperament study of one to four month infants

Chunxiang Huang (Asia)

PO-143

The relationship between early infancy temperament with sex hormones and growth hormone in cord blood

Chunxiang Huang (Asia)

PO-144

The clinical observation of the curative effect of relieving spasticity for cerebral palsy treated by vibroacoustic therapy

Zhenhuan Liu (Asia)

PO-145

Education rehabilitation of children with mental retardation

Zhenhuan Liu (Asia)

Saturday, June 5, 2010

(Poster Display)

PO-146

Clinical observation on effect of clearing the governor vessel and refreshing the mind needling on head SPECT and CT scanning of kids with cerebral palsy

Zhenhuan Liu (Asia)

PO-147

The clinical research of traditional Chinese medicine early intervention to cerebral sub-health infants

Zhenhuan Liu (Asia)

PO-148

Comparison of cognitive function in children with paranoid and non-paranoid schizophrenia

Huanzhong Liu (Asia)

PO-149

Study on temperament characteristic of the ADHD children

Xiaohua Zhu (Asia)

PO-150

Study on behavior and adaptive behavior

Hong Chen, Zhang Liu (Asia)

PO-151

Stem cells therapy for children with Autism: an open, controlled clinical trial

Ying Huan (Asia)

PO-152

Effects of 5 kinds of atypical antipsychotic drugs in patients with schizophrenia under the age of 16 liver function indicators and hematological

Jun Ma (Asia)

PO-153

Clinical observation of three kinds of antidepressant drugs on children and adolescents with depression treatment

Jun Ma (Asia)

PO-154

Eye movements characteristics of Chinese children with specific reading disorder in text reading

Xu Huang (Asia)

PO-155

Assessing parent willingness to pursue treatment for children with Attention Deficit Hyperactivity Disorder

Caihui Zha (Asia)

PO-157

Study on subjective life quality and influential factors for child with ADHD

Zhimin Zhao (Asia)

PO-158

The efficacy and safety of oral osmo-methylphenidate in treatment of Attention Deficit Hyperactivity Disorder in children

Yuanli Qi (Asia)

PO-159

A case-control study of the relationship between behavior comorbidity of Tic Disorder and parental rearing behavior

Jianhong Yang (Asia)

PO-160

A survey of the parents's ability to recognize and their beliefs about Attention Deficit Hyperactivity Disorder in Hangzhou, China

Guangzheng Tang (Asia)

PO-161

Surgery for self-injurious behavior in mental retardation

Anmin Li (Asia)

PO-162

Stereotactic surgery for drug-resistant Tourette syndrome

Aijun Liu (Asia)

PO-163

5-HTT and DRD4 genotypes are associated with emotional ability in children with ADHD

Wai Chen (United Kingdom)

PO-164

A study on associated factors of suicide ideas and in middle school students

Zhiqun Zhang (Asia)
